

Thursday, July 25
6:30 pm Reception/ 7 pm Seated Dinner

We are excited to announce our second wine dinner of the year will be featuring MCV wines by Matt Villard. MCV Wines was always a dream of Matt's that got its jump start during his sixth year of winemaking in 2011. He discovered that some of the highest quality Petite Sirah grapes in the Paso Robles AVA were still available at nearly picking time. He jumped on the opportunity and found an equally wonderful facility, with an incredibly friendly and knowledgeable staff, to create my wine from those grapes. MCV strives to produce the highest quality, small lot wines, especially unique and interesting blends with a focus on Petite Sirah. When drinking MCV expect the unexpected from our unique blend choices and rare grape varietals. Matt Villar will be in attendance to inform and enlighten us all night long about the wines. Join us for a wonderful dinner with friends, family, and the wines.
